The Programmable Controller Trainer

EN

EN PCT-200 Programmable Controller Trainer

This system is designed to provide a solution for hands-on activities in the areas of automation technologies, including programmable controllers, digital I/O, analog I/O and human machine interface. This unit is provided in a hard-shell suitcase with integrated casters and handle. There is also a table top option. The unit includes 2 external connection blocks that allow any external I/O devices to be connected directly to the controller.
