

# CONDUCTIVITY BREAK CARTRIDGE

Designed to reduce the risk of stream conductivity in most liquid applications. A torturous, 100% polymer flow path helps reduce the risk of stream conductivity, even in high saline conditions.

Part Number	Price
CBRC2X6CPCX2ST	\$23.51
CBRC2X6CPCX2ST-B	\$25.51
MEC-B (Optional Bracket)	\$2.50
